## Dear Versett,

A brief description of my personality. I am a motivated person always in search of challenges in life and always try to convert a problem into an opportunity. I would like to classify myself as a leader, motivator and a real team person who is highly organized and goal oriented. I believe that creativity comes with motivation. I always like to motivate people around me, and you will always see me with a smile on my face. I am enthusiastic about technology, life and willing to gain as much knowledge as possible. I am a quick learner. I have taught myself important analytics skills such as RStudio, R, HTML, Python, CSS, JavaScript, Agile and PostgreSQL.

I would very much like to discuss opportunities with Versett. To schedule an interview, please call me at 902-233-5709.

Sincerely,  
Moha Gad
